Bill Description

This bill relates to the nursing home moratorium process that the Minnesota Department of Health administers. Specifically, this bill requires a change to the estimated property rate adjustment for a project that was proposed for a 70-bed nursing facility located in Chisholm. The nursing facility's property rate is proposed to be increased by \$9.49.

Assumptions

The Minnesota Department of Health Moratorium Review Committee meets to review submissions from nursing facilities for an exception to the moratorium on construction projects for approval of their renovation or replacement projects pursuant to Minnesota Statutes, sections 144A.071 and 144A.073. MDH may grant exceptions to the moratorium for proposals that satisfy the requirements of the statute. When projects are approved, rates are set based on the formula in existence at that time. This bill raises the rate for a project previously approved with a different rate.

No costs to MDH are associated with this bill.
